3 NUVIZ APP INSTALLATION AND SETUP

<p>3.1</p> <p>Download and install the Android/iOS NUVIZ App on your phone or tablet</p>	<p>3.2</p> <p>Enter a Username/Password to create your NUVIZ account and then sign in</p>	<p>3.3</p> <p>Follow the on-screen prompts on your phone or tablet to pair your NUVIZ devices</p>
---	--	--

4 HELMET INSTALLATION

<p>4.1</p> <p>Wear your helmet to ensure proper positioning of NUVIZ</p>	<p>4.2</p> <p>Use a mirror to place NUVIZ on your helmet</p>	<p>4.3</p> <p>Adjust the multi-directional hinge to find the optimal viewing angle</p>	<p>4.4</p> <p>Align the center of the NUVIZ display with your right eye for optimal position</p>
<p>4.5</p> <p>Find the best position and peel off 1/3 of the backing from the mount base sticker</p>	<p>4.6</p> <p>Gently press NUVIZ into position and then reverify placement</p>	<p>4.7</p> <p>Remove the remaining backing once the position is verified</p>	<p>4.8</p> <p>Hold NUVIZ in place and press firmly onto your helmet for a minimum of 3 minutes</p>

NOTICE: Apply NUVIZ to a clean helmet surface at room temperature. Attach the adhesive mount at least 24 hours before use

5 NUVIZ DETACHMENT

<p>5.1</p> <p>Activate the release button below NUVIZ to release</p>	<p>5.2</p> <p>Slide NUVIZ upwards from the mount to remove it from your helmet</p>	<p>5.3</p> <p>Continue sliding NUVIZ upwards until fully detached from the mount</p>	<p>5.4</p> <p>Slide in the cover to protect the mount when NUVIZ is not in use</p>
---	---	---	---

NOTICE: Detach NUVIZ and let the adhesive mount cure at least 24 hours before use

6 HEADSET INSTALLATION

<p>6.1</p> <p>Install the headset speakers and microphone inside your helmet</p>	<p>6.2</p> <p>With NUVIZ detached plug the cable into the headset jack on the mount</p>	<p>6.3</p> <p>Test and adjust the position of your headset as necessary</p>
---	--	--

7 CONTROLLER INSTALLATION

<p>7.1</p> <p>Select one of multiple locations that the controller can be installed</p>	<p>7.2</p> <p>Position your Controller allowing for easy access with your left hand</p>	<p>7.3</p> <p>Verify the orientation of the Controller prior to attachment to your motorcycle</p>	<p>7.4</p> <p>Mount M1 can be used to attach NUVIZ Controller to a handlebar</p>
<p>7.5</p> <p>Mount M2 can be used in other locations. If needed, bend petals before attaching the sticker</p>	<p>7.6</p> <p>The Controller can also be attached to a flat surface with just the adhesive pad</p>	<p>7.7</p> <p>Note the lock/unlock symbols when attaching or removing the Controller</p>	

8 CAMERA ADJUSTMENT

<p>8.1</p> <p>Press the camera key on the Controller to activate the viewfinder</p>	<p>8.2</p> <p>The camera viewfinder is visible on the NUVIZ display</p>	<p>8.3</p> <p>Press the plastic lens collar to adjust the view as desired</p>	<p>8.4</p> <p>Press the top function key to exit the camera viewfinder</p>
