

MOUNTING INSTRUCTIONS

X4 Mounting Straps

1

A) Wrap x2 straps around a non-moving, metal frame or sub-frame and pass end through loop on each side

B) 1. Couple x2 straps together as shown here.

2. Open seat and evenly secure center of strap assembly under seat.

3. Replace and secure seat over strap assembly

IMPORTANT

EVERY VEHICLE IS DIFFERENT. IT IS YOUR RESPONSIBILITY TO ENSURE THE PRODUCT IS PROPERLY AND SECURELY MOUNTED

Contact your vehicle manufacturer and read your owners manual for the correct mounting anchor points on your vehicle

2

A) Place tail bag centered on rear seat with the Roll-Top entry facing front

B) Pass ALL metal hooks through webbing loop ends on both sides

C) Tighten down ALL webbing adjusters and move down ALL elastic webbing keepers
